

# Julie Hayes

Assistant Vice  
President for Research,  
Core Facilities

*University of Texas at  
Austin*

---

## From a VPR perspective: How we support core facilities financially and beyond

*VPR Panel coming*

---

## Speaker Bio

Julie was trained as a development biologist, which led to her love of microscopes. After leading the UT Austin Microscopy core facility for 9 years, Julie transitioned to core facility administration. She served as the Deputy Executive Director for the Center for Biomedical Research Support and then transitioned to her current role as the Assistant Vice President for Research, Core Facilities at UT Austin.
